A FAVORITE DESTINATION

With over 38 years in the area, we offer some of the finest food at our Sushi Bar, and Teppan Grill. Enjoy a lavish Dining Room with accents that highlight our culture and traditions.

"I literally had a five star experience here for lunch last week and I intend to return over and over again! This is my new favorite spot for sushi. Well, I guess I should say sashimi. I usually hit up AYCE places for lunch with my friends, but last Friday I wanted sashimi. That's really what I crave anyway versus all the rice you get in rolls and nigiri, plus my lunch pal for the day was on a new diet - pure protein, so we bellied up to the sushi bar."

"I didn't come for a long time after the new owners took over. I decided to try it out once more and was pleasantly surprised the new owners kept everything pretty much the same as Peter. Prices have gone up a little but it is still a great lunch deal. And my favorite teppan chef, Antonio, who has been here since I started coming in when I was in high school many years ago- is still here. In fact, the teppan shows have improved with the new ownership! Get ready to ooo and ahhh while the chefs make your lunch."

TEPPAN DINNER MENU

WHAT IS "WAGYU STEAK"?

"Wagyu" is the Japanese word for beef. "Wa" means Japanese style and "gyu" means beef. Kobe is the region where the Wagyu breed and feeding techniques for Wagyu cattle originated. Wagyu is a pure Japanese breed with records dating back to 1830. It is widely recognized as the best quality of beef due to its high degree of marbling which gives tenderness, juiciness, and flavor unrivaled by any other cattle anywhere in the world. Wagyu combines the USDA scale and the strict Japanese scale of grading Kobe beef to create a SUPER Prime grade. The ambiance and mystique are nearly as important in the eating experience as they melt in your mouth with flavor and tenderness.
